Dear Ms. Lawson:

The Transportation Research Board grants permission to you, on behalf of Dr. Erel Avineri, to post on the University of the West of England institutional repository, the article, "Application Area 2: Travel Demand Modeling: Travel Behavior Research," by E. Avineri; and the article, "Thoughts on the Future of Artificial Intelligence and Transportation," by M. Abbas, E. Avineri, R. Fries, S. Ishak, M. Jha, S. Kikuchi, F. Liu, E. Praveen, Y. Qi, K. Sanford-Bernhardt, N. Saunier, G. Spring, R. Venkatanarayama, B. Williams, and Y. Zhang, as long as the articles includes a link to the TRB Publications Index (http://pubsindex.trb.org).

1. The citation should include the following information:

   From *Transportation Research Circular E-C168: Artificial Intelligence Applications to Critical Transportation Issues*, pp. 77-85 and pp. 137-144. Reproduced with permission of the Transportation Research Board.

2. None of this material may be presented to imply endorsement by TRB of any product, method, practice, or policy.

Thank you for your request. Please let me know if you have any questions.

Sincerely,

Javy Awan
Director of Publications
Transportation Research Board

Subject: Copyright Permissions Request

Anna,

Thank you for the note. By cc of my response, I am forwarding your inquiry to Ms. Phyllis Barber. Ms. Barber directs TRB's copyright permission activities and will be able to address your request.

I hope this is helpful.

Russell

Comments: I am contacting you on behalf of Dr Erel Avineri who is a contributing author to one of your journals. Dr Avineri is a member of staff here at the University of the West of England (UWE) and would like to deposit the full text of the following article from transportation Research Circular in the University's institutional repository. Dr Avineri has authorised me to do this on her behalf and to contact you to seek permission to do this. Article: Abbas, M., Avineri, E., Fries, R., Ishak, S., Jha, M., Kikuchi, S., Liu, F., Praveen, E., Qi, Y., Sanford-Bernhardt, K., Saunier, N., Spring, G., Venkatanarayama, R., Williams, B. and Zhang, Y. (2012) Thoughts on the future of artificial intelligence and transportation. Transportation Research Circular, E-C168. pp. 137-144. The institutional repository is a not-for-profit service for our academic authors, providing access to the full-text of their publications. Full bibliographic details are given for each article, including the journal of original publication, etc. I would be grateful if you could contact me to give your permission for including this article and to pass on any conditions that are associated. Thank you for your attention with this and I look forward to hearing from you.
Name: Anna Lawson
