HEI Peer to Peer Staff Learning

What is peer to peer learning?

Why does it matter?

Can we do this at scale?

Ethos

Personal choice & ownership

**Focus on what the individual
will gain from the exchange**

Voluntary

Approach (staff view)

Choose your topic of interest

Suggest areas of teaching you would be interested in seeing examples of; could be a lecture, feedback, marking, SFHEA application etc.

Engage with activity

You will be paired up with a member of staff happy to share their practice in that area

What did you learn from it?

Feedback/reflection on what you've learnt (note: not a critique on the showcase)
